

ECO-INDIVIDUAL UNIVERSITY ENROLMENT

People usually go to university to learn something new which paves the way to a bright career. They develop skills and increase their theoretical knowledge.

This is where Eco-Individual University comes in. Everything taught at the Eco-Individual University has the potential to immediately improve an individual's way of living and make a positive impact on the environment.

The Eco-Individual University

The Eco-Individual University holds the capacity to transform an individual's way of life. Here, people learn the simplest ways to live an eco-lifestyle. All information related to living an eco-lifestyle, whether personal or environmental, would be learnt here. Below is a brief summary of all the advantages you get after enrolling at our Eco-Individual University.

► **Easy to follow guidelines on getting started with living an eco-lifestyle**

You would be guided as to why one should start living an eco-lifestyle, what benefits you would experience in your life and what benefits you would provide to the environment, as well as various other advantages of living an eco-lifestyle. For example, you would learn about enhancing your health by just introducing minor changes to your everyday life.

► **Easy to follow tips to live an eco-lifestyle**

You get information about how to best use natural resources. For example, you would receive tips about using the unlimited energy of the sun to maintain the temperature of your home, run your appliances, and even different ways to warm-up your swimming pool's water.

► **Easy to follow steps to living an eco-lifestyle**

Living an eco-lifestyle means welcoming and using new advantageous technologies and making some changes to your everyday routine.

► **Steps to follow within a self-determined budget**

There is a misconception that because of the cost involved, everyone cannot live an eco-lifestyle. This is completely false because living an eco-lifestyle will not hurt your pocket, instead, it will open the door to huge savings for you. Whatever your budget, you are able to follow an eco-lifestyle from today. Here, you learn different steps to living an eco-lifestyle, without having much impact on your pocket.

► **Steps at a self-determined pace**

Learning is fruitful when done at a self-determined pace and Eco-Individual University allows for this. As the course is online, you start learning whenever you want. Moreover, if you are busy during the day, you are able to devote time in the evening to this life-enhancing learning. There are no time constraints, you start whenever you want and continue according to your pace and time, as you want.

► Steps related to Eco-Newbie, Eco-Intermediate and Eco-Expert

Whether you are new to living an eco-lifestyle, have intermediate knowledge, or are an expert at living an eco-lifestyle, Eco-Individual University has something for everyone. Moreover, you are able to start as an Eco-Newbie and progress to higher levels such as an Eco-Intermediate and end up an Eco-Expert.

► Live Interactive Webinars

At Eco-Individual University, you have the opportunity to engage in live interactive webinars where you are able to do the following things:

ASK QUESTIONS

AND GET ANSWERS ABOUT AN ECO-LIFESTYLE:

It is a fact that before starting anything new, a lot of questions pop-up in our minds. You will get the answers to your questions through the live interactive webinar sessions.

SHARING ECO-LIFESTYLE EXPERIENCES:

As you progress through the course and start following and evolving your eco-lifestyle, you gain eco-experience. With the help of live interactive webinar sessions, you have an opportunity to share all those experiences.
